Welcome

I am delighted that you are considering joining our Cambridge House team. This recruitment pack includes information about our organisation and this role that I hope you will find useful.

With a dedicated and innovative team, tackling poverty, social inequity and social injustice has been our mission at Cambridge House since 1889. We work to tackle social exclusion and enable people to transition out of crisis and progress towards independence.

Our vision is of a society without poverty where all people are valued, treated equally and lead fulfilling and productive lives. Our activities are split into two areas - frontline services to support people to stabilise their lives and progress; and a research and knowledge exchange to support the development of the most effective social policy and practice.

Law Centre

Free, independent, and expert legal services in housing, employment, discrimination and welfare benefits law alongside crisis mitigation support.

Independent Advocacy

Statutory Care Act, Mental Health Act and Mental Capacity Act advocacy for adults and children.

Safer Renting

Specialist advice, support, and advocacy for vulnerable private rented sector tenants affected by criminal landlords.

Youth Empowerment

Investing in young people so they thrive as adults.

Disabled Peoples' Empowerment

Supporting disabled children and adults to take control of their own lives and futures.

Research and knowledge exchange

Activities that capture local knowledge, insights and lived experience of 'what works' to develop innovative solutions to poverty, social inequity, and social injustice.

We value diversity and warmly welcome applications from disabled people, the LGBTQ+ communities, people from Black, Asian, and ethnic minority backgrounds and candidates who shared lived experience with our service users.

If you would like to be part of this very special organisation and believe that you can contribute to our mission, we welcome an application from you. For more information about us, please visit our website www.ch1889.org.

Yours sincerely

Karin Woodley CBE
Chief Executive

Our Safer Renting Service

Our work

Safer Renting fights to strengthen the rights and provide access to justice for renters exploited by criminal landlords. We aim to make private renting safe for all. We deliver frontline services and research and campaigning activities to improve private rented sector housing legislation, policy and practice.

Context /Background

Safer Renting, was established eight years ago and is based in London. We are expanding and serve a growing number of out-of-London areas and aspire to develop work in the regional county councils

Our Approach

Safer Renting tackles illegal behaviour in the private rented sector (PRS) by working closely with local authorities, civil society organisations (including funders and active membership of the Renters Reform Coalition), statutory agencies, and academic institutions to:

- Support and advocate for tenants in the 'shadow' private rented sector
- Publish awarding winning research to influence government and social policy
- Provide training and forums for other professionals on best practice

Since it was set up in 2016, a turbulent period for the charitable sector, Safer Renting has attracted unprecedented external funding and support from a diverse range of charitable funders and new partnerships who share our understanding of the current challenges and solutions.

The Role

We seek an experienced people-manager who is committed and motivated towards our social justice mission for private renters. The successful candidate must have a minimum of 2 years' experience of supervising, motivating, performance managing and developing staff teams in challenging frontline service environments, including holding team members accountable for the delivery of contractual KPIs.

The team is energetic, knowledgeable, accomplished, client-focused and highly mission-driven, and the successful candidate will have excellent interpersonal skills, be an active listener, and understand the challenges of nurturing the team to develop the following core competencies:

- accountability, including accepting constructive feedback and taking ownership of the results they need to achieve individually and collectively to achieve our aims and fulfil the contractual requirements of funders, commissioners, and accrediting bodies
- agility, creative-thinking and solution-focused in the face of changing demands
- resilience to deliver a trauma-informed service, safeguarding clients and colleagues and achieve our high and quality assured service standards
- an inclusive and culturally competent approach to working with a diversity of colleagues and service users who experience social inequity and exclusion

A knowledge of landlord-tenant law and the current challenges facing the private rented sector would be beneficial. Candidates need not be experts in housing law but they must demonstrate the ability to operate confidently in a housing law service working alongside colleagues that are legally qualified.
